楊忠銘

YANG Chung-Ming 1974-

YANG Chung-Ming, a leader in contemporary print art, blends traditional printmaking with groundbreaking techniques that challenge the medium's boundaries. His work, deeply influenced by Taiwanese heritage and Chinese culture, explores themes of time, sustainability, and human connection to nature, making him a significant figure in the evolution of print art.

“

*These works reflect a deep engagement with tradition while pushing the medium toward new frontiers.*

*I want to explore how print art can evoke both beauty and sadness in the unseen parts of the world.*

”
